

# Different Types of Stakeholders

“Stakeholders are defined as any person, group or organization inside or outside the organization that can place a claim on the organization.”

# Brainstorming Activity: Identify Stakeholders And Place on Power Versus Interest Grid

*With your group, brainstorm re: who stakeholders for a typical Local Health Department might be. Be sure to consider internal and external stakeholders. Also, be sure to consider not only those who are directly affected by the actions of the LHD, but also those who are impacted indirectly. Place your stakeholders in the “Power versus Interest Grid”*
